

CONSULVATION

THE IT CONSULTANTS YOU KEEP

WHO WE ARE

Consul-vation, Inc. is your trusted technology partner. Since 2001 we have been meeting the technology needs of businesses with our guaranteed response time and scalable solutions. We keep you up, efficient and effective and help you grow, compete, and exceed your every goal.

WHAT WE DO

Most of our clients depend on us for all their technology needs from help desk to security. We also complement existing IT teams, providing whichever skillset is required, for individual projects or long term support. Whatever your technology needs are, we are committed to finding the right solution.

HELP DESK

Consul-vation is committed to keeping your technology running and users productive. We offer lightning quick, on-demand response times, leveraging decades of experience to give you the exact support you require. Remote, on-site, off-hours, Consul-vation is always there when you need us.

NETWORK INFRASTRUCTURE

From designing brand new networks to implementing new functionality, security or enhanced communications, to maintaining existing infrastructures or simply fixing a sluggish system, Consul-vation does what is necessary to drastically reduce your downtime and support costs and extend the life of your mission-critical infrastructure. Whatever your network's current state, we'll make it right.

CLOUD COMPUTING

Cloud computing combines the versatility of virtualization with a completely scalable and predictable pay as you go model. Consul-vation has been implementing cloud solutions from the very beginning. We design the private, public and hybrid cloud solutions that make sense for your business.

Let Us Help

- MY CURRENT IT COMPANY IS NOT RESPONDING QUICKLY ENOUGH.
- OUR IT PROBLEMS ARE LASTING FOREVER AND NOT GETTING FIXED.
- WE NEED HELP PREPARING FOR A CYBERSECURITY COMPLIANCE AUDIT.
- I NEED A TRUSTED PARTNER FOR STRATEGIC IT DECISIONS.
- I NEED AN EXPERT WHO REALLY KNOWS WHAT THEY ARE DOING.
- MY OFFICE IS MOVING, CAN YOU HELP?
- WE HAVE OUTGROWN OUR IN-HOUSE IT CAPABILITIES.
- WE NEED SOME HIGHER LEVEL IT EXPERTISE ON A PROJECT.

REMOTE MONITORING & MANAGEMENT

Consul-vation provides truly affordable RM&M services to proactively manage your network and provide immediate issue mitigation. We use cutting edge tools to scan, audit, report, apply updates and automate maintenance to keep your systems up, efficient and secure.

CYBERSECURITY & COMPLIANCE

Attacks come from anywhere or one mistaken click that results in ransomware shutting down your business. We help protect your business with a measured and affordable approach, but if you're required to prove cybersecurity compliance to customers, partners, insurance carriers or the government, Consul-vation will prepare you to both meet your requirements and to be ready for an audit.

DISASTER RECOVERY

Every business needs to make sure they are ready to pivot when necessary and be protected from short term downtime to the worst case scenario. Your disaster recovery is about measuring your risk, cost of downtime and mitigation response time. We make it easier to do what you have to.

WHAT SETS US APART?

Responsiveness

Someone will always pick up the phone during our office hours, and we have a simple process for off-hours support. We understand the need for urgency and that is translated into action. Our help desk will work to resolve your issue in record time every time.

"We have had the pleasure of working with Consul-vation, Inc., for 15 years. They are an outstanding company whose team members have a great balance of character; intellect and personality. This balance not only makes them a valued asset for tackling technical issues, but it also makes them a joy to work with."

- Martine A., Viable Holdings Inc.

No Long Term Contracts

We build sustaining business relationships and retain our clients by exceeding their expectations, not by forcing them into long term contracts.

"We've worked with Consul-vation for 16 years. They are always to be relied upon to take care of our computer and network issues. They respond quickly to any issue or request for help, and make it simple for us. They also plan proactively to prevent unnecessary problems down the road. With Consul-vation, we know that we are in good hands."

- Lawrence F., Lawrence P. Fisher Accounting

True Partnership

We listen and learn and truly know our clients. You're never just a database lookup when you call. Our entire team keeps current with every client, their needs and their environment, so there is always someone knowledgeable to help you.

"We are a local charitable organization with outreach across the world. We communicate via phone, email, traditional videoconferencing and now Zoom. We rely on Consulvation to keep our systems and servers up and running, and for 14 years, they have done so in a professional manner and at a very reasonable price."

- Anthony S., HMTc

You Are Our Priority

You matter to us. Regardless of your size or issues or requirements, we consider every project or support call mission critical. We specialize in businesses who want high end IT at a reasonable cost.

"We've used Consul-vation, Inc. for the last 9 years for all of our technology needs. They make sure that our network is always up and secure. We owe a lot of our growth and success to their dedicated service."

- Harvey T., All-American Court Reporters

We Want Your Business To Be Better

We view our clients' objectives as if they were our own, and would not implement a solution that didn't pay for itself in increased productivity and efficiency. We make sure that your technology is working for you so that you are able to work. You handle your business, we'll handle your IT.

"Consul-vation is always on top of their game. There has never been a time in the past 11 years that they haven't been there for us, and more often they're a few steps ahead. To trust that another company thinks as much about our scalability and security as we do is a rare find in a business partnership and we're grateful to have found it."

- Dave M., Gypsum NY Sales Corp.
